

Medical Superintendent's Message:

**Dr. M. Rajashekar, MBBS, MS (ENT), DLO
Medical Superintendent:**

- Completed his MBBS in 1976, DLO in 1984 and MS (ENT) in 1992 from BMC&RI, Bangalore.
- Started his career as Health Officer cum Asst. Surgeon in the Department of Health & Family Welfare, Govt. of Karnataka from 1978 to 1994.
- He became Assistant Professor, Dept. of ENT, in 1994 at BMC&RI, Bangalore and promoted as Associate Professor of ENT in 2001, at the same institute.
- Promoted as Professor of ENT in 2005 at BMC&RI, Bangalore and retired on Nov., 2011.
- He also held the post of Medical Superintendent & Professor of ENT at Novodaya Medical College, Raichur from 2011 to 2017, former Member of BOS (PG), RGUHS, Bangalore.
- He joined Sambhram Hospital as Medical Superintendent on 01st January 2018.

Sambhram Hospital is currently started with 300 bedded multispecialty teaching hospital attached to Sambhram Institute of Medical Sciences & Research, KGF. The infrastructure is setting up to occupy 1000 beds in the next couple of years. The hospital opens its doors round the clock to patients with all the most modern medical facilities. Sambhram Hospital is led by a humble, benevolent, visionary management believes in philanthropy and delivery of high quality healthcare services not only to the poor and needy patients but also to all level of people in the society. This is visible in the form of regular conduct of free health check up camps, health awareness campaigns targeted at weak & underprivileged sections of the society at KGF and providing free / subsidized consultations, investigations, treatments & medicines. The hospital is structured with all the required clinical departments with round the clock functioning OPDs, IPDs, Emergency & Casualty, ICU services, ultra modern Operation Theatres, Dialysis Services etc. All the OPDs are attached with demonstration rooms and other clinical facilities. Sambhram Institute of Medical Sciences & Research, KGF is also the best selection for all health aspirants to acquire vast knowledge in the area of traditional and modern medical education.

*Best Regards,
Dr. M. Rajashekar,
